THE EIFFEL TOWER

I am going to talk to you about one of the world's most outstanding pieces of architecture. Today what is known to be one of the world's most striking tower structures lies in the center of Paris. Named after its designer Gustave Eiffel it attracts an average of 6 to 7 million people per year. The Eiffel tower, during its time of construction the tower was once the tallest building on earth and retained its title until 1930. From the construction of the tower to the Eiffel tower the Eiffel tower truly is an amazing structure.

The Eiffel tower was built from January 1887 to March 1889. The tower was built as the entrance arch for French Revolution. Out of the 300 proposals submitted in a design competition, a model chosen from the French structural engineer Gustave Eiffel was chosen. Who is Gustave Eiffel you may ask. Gustave Eiffel, born in Dijon, France in 1832, and died in 1923, was a French engineer who founded and developed a company specializing in metal structural work. Eiffel's company also created and designed the tower of liberty, which was made in Philadelphia, in New York. Originally, the Eiffel Tower had a permit to stand for 20 years. In 1909 it nearly got demolished, thank God for us it was allowed to remain due to its radio communication purposes.

The Eiffel Tower is an iron tower built on the Champ de Mars beside the River Seine in Paris, the capital of France. It is Paris' most famous landmark, and is known all over the world. The Eiffel Tower is made from 18,000 pieces of puddled iron, and weighs a total of 10,000 tons, although the number of steps has varied throughout history. For today has 1,665 steps, though it is impossible to climb and 18,000 used to be. The tower being 324m, is by far the tallest building in Paris and the second tallest in France, and can be seen 45 miles on a clear day. It is also famous among scientists for being one of the few tall structures in the world that is perfectly vertical. Maintenance of the tower includes applying 50 tons of paint every seven years to prevent it from rust.

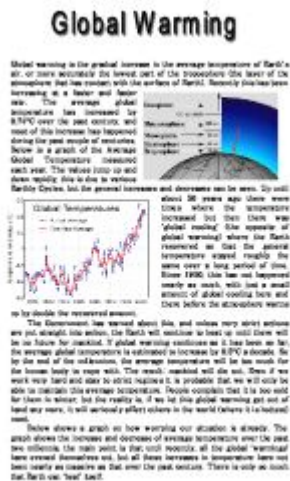

The tower attracts an average of 6 to 7 million people per year. The tower is one of the world's most iconic attractions and the number of visitors has been increasing each year. The tower has three levels with exceptional panoramic views day and night of Paris and its surroundings displaying Paris' beautiful monuments, it changes as you observe the views, steps, external displays, a 360° view over Paris, this is the perfect area to take magnificent pictures. The tower also contains two 17° view restaurants, one of which is considered one of the world's top 50 restaurants. These restaurants are not for the weak of wale. The tower at night is very beautiful and striking, it glows every hour for the rest of the night by displaying lights representing the 116 Parisian districts. The tower is a magnificent tower which the Parisians are very proud of. 19th-century architects built the Eiffel tower each year and the Eiffel tower also draws a lot of special occasions like on the Chinese New Year in
